

Mohammad Nazim Hossain

iamnazimhossain@gmail.com | [Github](#) | [Linkedin](#) [Portfolio](#)

SKILLS

- **Frontend:** Html, CSS, JavaScript, TypeScript, React.js, Next.js, React Native(Beginner), Redux, Zustand, Zod, React Query, Tailwind CSS, Framer Motion, React Hook Form, Shadcn UI
- **Backend:** Node.js, Express.js, MongoDB, PostgreSQL, Database Design, Restful API Design , Microservices, CI/CD
- **Tools:** Git, Docker

WORK EXPERIENCE

MeldMinds

Brisbane, Queensland, Australia

Frontend Developer (remote)

March 2023- October 2024

- Developed **high-quality, responsive UIs** optimized for cross-browser and cross-device compatibility.
- Collaborated closely with **UI/UX designers and backend engineers** to deliver pixel-perfect and scalable product features.
- Improved performance and user experience by **reducing page load times by 20%** through code optimization, caching, and best practices.
- Maintained clean, modular, and reusable codebases following **modern frontend patterns** and team coding standards.
- Contributed to faster releases by enhancing internal development workflows and documentation.

KB SOFTS

Seoul, South Korea

Frontend Developer (remote)

February 2025 - August 2025

- Built **AI-powered dashboards** for deepfake detection and facial recognition using modern frontend frameworks
- Implemented **real-time GIS tracking, live mapping layers, and WebRTC video streaming**, boosting system responsiveness by **30–40%**.
- Collaborated with AI engineers, product teams, and backend developers to deliver **stable, production-ready features**.
- Ensured high performance and reliability by optimizing state management, API communication, and UI rendering.
- Improved user workflows and product usability with thoughtful interface design and smooth interaction patterns.

PROJECTS

SwiftMart (An Ecommerce Platform)

- **Technologies:** Next.js, TypeScript, Prisma, Stripe, Clerk, Tailwind CSS
- Product browsing with Search, Sort, Filter, Pagination, cart management, and checkout and ,
- Order placement, payment processing, and tracking

- Admin dashboard for managing products, categories, orders, and users
- Real-time payment and order status updates
- View and manage past orders and user profiles
- AI chatbot for customer support
- [Live](#) | [GitHub](#)

Ascendly-AI (AI-Powered Content Generation Platform)

- **Technologies:** Next.js, TypeScript, Drizzle ORM, Stripe, Clerk, Tailwind CSS
- Generates content on Twitter, Instagram, and LinkedIn using AI.
- Points-based system for content generation with Stripe payment method
- Preview functionality for generated content
- [Live](#) | [GitHub](#)

ReelGenie (AI Short Video Generation Platform)

- **Technologies:** Next.js, Remotion, Drizzle ORM, Stripe, Gemini, ElevenLabs, AssemblyAI
- AI-powered platform to generate short videos from scripts to final renders
- Automated rendering pipeline using **GitHub Actions** and **Cloudinary** to offload compute-heavy tasks
- Integrated multiple AI services for script generation, voiceover, captioning, and video composition
- [Live](#) | [Github](#)

Other Projects:

TalentTrail (A Job Portal Platform). [Live](#) | [GitHub](#)

Kinetic (AI-Powered Project Creation Platform) [Live](#) | [GitHub](#)

EDUCATION

National University Of Bangladesh

Bachelor of Science in Chemistry

Aug 10 2019- Dec 2023

Training & Certifications

- **The Complete JavaScript Course** — Jonas Schmedtmann, Udemy
- **React - The Complete Guide (Hooks, Router, Redux)** — Maximilian Schwarzmüller, Udemy
- **The Ultimate React Course: React, Next.js, Redux & More** — Jonas Schmedtmann, Udemy
- **Node.js, Express, MongoDB & More: The Complete Bootcamp** — Jonas Schmedtmann, Udemy
- **Career Essentials in Software Development** — Microsoft & LinkedIn
- **Introduction to Career Skills in Software Development** — LinkedIn
- **Programming Foundations: Beyond the Fundamentals** — LinkedIn
- **Programming Foundations: Fundamentals** — LinkedIn
